

## About Us

TM Windows LLC, has been engaged in the design and manufacture of aluminum window and door products for both commercial and residential projects for more than 40 years. We manufacture a complete line of standard and custom aluminum windows and doors in South Florida designed for Florida's unique climate.

TM Windows LLC enjoys a reputation as being the premier manufacturer of high quality aluminum products. We design and manufacture numerous product packages, both for residential and commercial application. Our 74,000 square foot manufacturing facility includes a laminated glass making line (which ensures fast delivery to you), a complete tool and die facility, a C.N.C. milling department, sheet metal department, as well as a paint finishing line that is an approved acrylic and kynar applicator for PPG Industries, Inc.

Our engineering department is industry renowned as the leader in solving complex project requirements. We specialize in designing products that withstand the test of time. And should your project be outside the United States, don't panic. Our export department stands ready to get you the product you need when you need it.

Satisfied clients include Arvida, Centex Rooney Construction, Doral Golf Resort, Marriott Hotels, Miami International Airport, Walt Disney World, Boca Beach Club, Lowes Hotel Miami Beach, Lucaya Beach Resort Bahamas, and Atlantis Hotel Bahamas as well as celebrities such as Oprah, Raymond Fdoyd, Leny Kravitz & Gloria Estefan.

## Our Mission

The mission of TM Windows LLC is to provide our customers with the best products and services available. We will accomplish this through using the finest component ingredients; Pursuing and maintaining the highest design standards; Hiring and retaining quality employees that adhere to the highest ethical and professional standards; Providing a safe and exciting workplace that stimulates and rewards "Can Do" attitudes; and collectively agreeing to pursue 100% client satisfaction each and every day.

Our Beginnings
